

February 8, 2008

To: All Pool Players

From: Pool Forum Committee 2007 – 2008

Attached is the 2007 – 2008 Midwest Coin Concepts Player Ranking List for the upcoming season. Please note the following important changes when entering your rosters for both league and tournament play this season:

1. The Ranking List will be used to determine division eligibility for both league and tournament play.
2. Any player ranked “AA” or “MASTER” on any State Ranking List, either **MOMA, BCA** or **ACS** must play in the highest division available on that league night of play.
3. Any player who is ranked “INTERMEDIATE” or “MASTER” on any National ranking list must play in the highest division available on that league night of play.
4. Division Ranking for league play will be determined using the MCC Players list (**the MOMA and National ranking list IF of a HIGHER ranking will override if applicable.**) You will be allowed (1) AA ranked player on an A team, and (2) A ranked players on a B team . For tournament division placement refer to the eligibility requirements as listed on the Poster and Entry Form.
5. **Teams that win a league will advance to the next highest skill level, if a higher level exists. This will apply to any league night where there are multiple divisions. (Example: Top team in B will be bumped to A, Top team in A to Gold). Three or more returning members of that team will be considered the same team and must advance. Teams will be required to play in the higher level for a period of two years before being reconsidered to drop down a division.**
6. Substitute players for **League Play** only....Once a division has been determined based on the roster submitted; if a team adds a substitute player they must fit the ranking criteria required for that division. The penalty for using an illegal player will be to not allow that players stats to count. All wins and 8 ball points earned by the illegal player will be deducted from a team who adds a player whose ranking is not eligible for that division. **To avoid this conflict, please make sure that you submit complete rosters at league start up.**
7. **The League Office Staff reserves the right to place teams in a division based on player knowability regardless of player ranking requirements.**
8. **Tournament roster Changes are NOT guaranteed and MUST be approved by the Tournament Director.**
9. Players have until **December 1st, 2007** to request that their ranking be reviewed. You must request a review in writing to the League Office. The committee will review your ranking at the next scheduled meeting and you will be notified of the decision. Rankings after December 15th, 2007 will be considered official and cannot be changed without consent of the Pool Forum Committee and the Tournament Director. *****RANKINGS ARE NOW CONSIDERED TO BE FINAL FOR UPCOMING 2008 TOURNAMENT AS OF PUBLICATION DATE ABOVE*****
10. Rosters for the 18th Annual MCC Players Tournament are due in the league office by March 8, 2008. Final Roster Deadline will be Monday, March 17th, 2008. **No changes** will be made to any rosters once the forum committee has reviewed them for division placement, committee meets Wednesday, March 19th, 2008. The **only substitutions** allowed after review will be adjustments to a roster that **do NOT change** the division a team/player was placed in. Remember...teams can always go up a division, going down a division is not to be considered.
