

August 14, 2009

To: All Pool Players

From: Midwest Coin Concepts League Staff  
Pool Forum Committee 2009-2010

Attached is the 2009-2010 Midwest Coin Concepts Player Ranking List for the upcoming season. Please note the **following important changes** when entering your rosters for both league and tournament play this season:

1. The Ranking List will be used to determine division eligibility for both league and tournament play. You will notice that we have made ranking adjustments to some of the individuals in our league/tournament system. **We have added a "BB" ranking. Players finishes, along with known ability was the criteria used to determine if players were changed to a "BB" rank status.** A "BB" Division will be added to this year's Tuesday Open League, as well as both singles and team events at the MCC Players Tournament.
2. Any player ranked "AA" or "MASTER" on any State Ranking List, either **MOMA, BCA or ACS** must play in the highest division available on that league night of play.
3. Any player who is ranked "INTERMEDIATE" or "MASTER" on any National ranking list must play in the highest division available on that league night of play.
4. Division Ranking for league play will be determined using the MCC Players list (**the MOMA and National ranking list IF of a HIGHER ranking will override if applicable.**) You will be allowed (1) AA ranked player on an A team, (1) A ranked player on a BB team, and (1) BB ranked player on a B team. For tournament division placement refer to the eligibility requirements as listed on the Poster and Entry Form. **The League Staff reserves the right to make adjustments to Division Placements for either league or tournament play, and all decisions by the league staff and our Forum Committee members are considered final.**
5. **Teams that win a league will advance to the next highest skill level if the following conditions are met:**
  - A. If a higher level exists.
  - B. **Scheduling of the league does not create an imbalanced schedule that is not fair to all sponsoring locations and teams within the league.**
  - C. **This will apply to any league night where there are multiple divisions. (Example: In the St Cloud Tuesday Open league, the Top team in B will be bumped to BB, Top team in BB to A, and the top A team to the AA Division). Three or more returning members of that team will be considered the same team and must advance.**
  - D. **If a team is bumped, they will be required to play in the higher level for a period of two years before being reconsidered to drop down a division. Consideration to drop will only be honored provided the team ranking requirements are met for that division. Teams will not be dropped down if they are illegal to play in that division without approval of the league staff and committee.**
6. **Teams/Players that place in the tournament will advance to the next highest skill level if the following conditions are met:**
  - A. **Top 4 spots in a B Division will have their rankings bumped to BB.**
  - B. **Top 3 spots in a BB Division will have their rankings bumped to A.**
  - C. **Top 2 spots in an A Division will have their rankings bumped to AA.**

- D. **Players whose rankings are affected by a top finish must play in the next level for a period of 2 years before reconsideration of their rank.**
  - E. **Tournament roster changes are NOT guaranteed and MUST be approved by the Tournament Director and/or the Forum committee members.**
7. Substitute players for **League Play** only....Once a division has been determined based on the roster submitted; if a team adds a substitute player they must fit the ranking criteria required for that division. The penalty for using an illegal player will be to ***Remove that player from your roster, no credit will be given for that players stats either individually or team.*** All wins and 8 ball points earned by the illegal player will be deducted from a team who adds a player whose ranking is not eligible for that division. **To avoid this conflict, please make sure that you submit complete rosters at league start up.**
  8. ***The League Office Staff reserves the right to place teams in a division based on player known ability regardless of player ranking requirements.***
  9. Players have until **December 1<sup>st</sup>, 2009** to request that their ranking be reviewed. You must request a review in writing to the League Office. The committee will review your ranking at the next scheduled meeting and you will be notified of the decision. Rankings after January 1<sup>st</sup>, 2010 will be considered official and cannot be changed without consent of the Pool Forum Committee and the Tournament Director. ***A Form is available in your team packet and on our website at [www.mwcoin.com](http://www.mwcoin.com)***
  10. Rosters for the 20<sup>th</sup> Annual MCC Players Tournament are due in the league office by February 12, 2010. Final Roster Deadline will be Wednesday, February 24<sup>th</sup>, 2010. **No changes** will be made to any rosters once the forum committee has reviewed them for division placement, committee meets Monday, March 1<sup>st</sup>, 2010. The **only substitutions** allowed after review will be adjustments to a roster that **do NOT change** the division a team/player was placed in. Remember...teams can always go up a division; going down a division is not to be considered.
  11. ***The 20<sup>th</sup> Annual MCC Players Tournament has been moved for the 2010 event. It will be held at The Northland Inn in Brooklyn Park, MN. The event is scheduled for March 11 – 14, 2010. There are rooms blocked through February 11, 2010 for this event, make your reservations early and be sure to mention that you are with the tournament to receive your room discount. Call them toll free at (800) 441-6422 or Main #: (763) 536-8300 to reserve your room today!***
